

Speed cleaning expert.

Nimble and sporty, it works superbly on hardfloor.

ZELMER

ZVC2655SP
Pluser

Compact size and lightweight bagless vacuum cleaner with modern design. 3rd generation cyclone technology with washable EPA E11 filter located outside the cyclone chamber makes filter cleaning easy. The small size and parking system provides easy storage. Special parquet brush with natural bristle is perfect for vacuuming floors vulnerable to scratches.

Advantages

Brush with natural bristle for parquet floors - safe for soft and sensitive floor surfaces

Washable EPA filter - easy to clean with running water

Bagless - no need to buy bags, which saves your money

Soft tyre wheels - to protect your floor

Air filtration system with EPA filter stops most of pollen, bacteria, dust mite faeces, etc.

Electronic power control

Other product variant:

ZVC265SK
